

Rating*	Colour Legend	
6	Certified	SAP certified
5	Expert, Consultant	Many years of experience, several time implemented
4	Many years of practice	Implemented more than 1 time
3	Hands-on experience	Good Knowledge of the End-user-processes
2	Educated	Educated but not much practice
1	In education	Planned to get know-ledge in these processes
0	No experience	

> ABAP Development

Business process	Process step	R*	SPC know-how
Integrated Development with ABAP Workbench	SAP NetWeaver includes the ABAP workbench, a fully integrated development environment that developers can use to create, edit and change ABAP development objects. In addition to development tools, the ABAP workbench includes a rich set of integrated analysis and test tools. The workbench supports a server-centric, collaborative development approach, supporting large development groups throughout the development life cycle.	5	Expert Details see below
	SE80 - Object Navigator	5	
	SPRO - Execute Project, customizing	5	
	SE11 - ABAP Dictionary	5	
	SE38 - ABAP Editor	5
